Admission, Instruction, etc.

REQUIREMENTS FOR ADMISSION.

CANDIDATES for admission to the Freshman Class will be examined in the following studies:

Elements of Ancient History and Geography, Pütz and Arnold, Arithmetic, Algebra to Quadratic Equations, and two Books in Plane Geometry:

Latin Grammar, the structure and scanning of Hexameter Verse, twelve chapters in Arnold's Prose Composition, Sallust, Cicero's Select Orations, the Eclogues of Virgil, one Book of the Georgics, and six Books of the Æneid:

Greek Grammar, writing Greek with the accents, (ten Exercises in Arnold's 1st Greek Book,) Jacob's, Colton's or Felton's Greek Reader entire, and St. John's Gospel.

The Latin Grammar of Andrews and Stoddard, the Greek Grammar of Sophocles, and Pütz and Arnold's Manual of Ancient Geography and History are recommended as Elementary Books.

Instead of any of the text-books above enumerated, others equivalent will be received. The Examination in Latin and Greek will have especial reference to the Grammars of the two languages, an accurate knowledge of which is considered indispensable.

Candidates for an advanced standing, must sustain a further examination on those studies which have been read by the class they propose to enter.

No student can be admitted to the Freshman Class before he has completed his fifteenth year.

All candidates for admission must present satisfactory testimonials of good moral character; and those who are from other Colleges must produce certificates of dismission in good standing.

UNIVERSITY STUDENTS; AND THE DEGREE OF BACHELOR OF SCIENCE.

Provision has been made in the College Statutes, that those students who desire to omit certain of the studies prescribed for the degree of Bachelor of Arts, may be permitted, under the name of University Students, to recite with the regular classes, in such studies as, upon examination, they shall be found qualified to pursue. They are expected to attend at least three recitations or lectures daily. They are subject to the same rules and enjoy the same privileges as the regular students; and, on leaving with an honorable dismission, are entitled to a certificate from the President, stating the time they were members of College, and the studies pursued during that time.

University Students may receive the degree of Bachelor of Science, provided they have resided at least two years and a half in College, and have regularly passed their examinations in all the prescribed studies of the Academic course, except the Latin and Greek; together with a further and more particular examination, satisfactory to the Faculty and Board of Examiners, in either of the following branches, viz.; the Differential and Integral Calculus; Practical Astronomy; Analytical and Agricultural Chemistry; Geology and Mineralogy; Natural History; or Civil Engineering.

Any student of the College may, together with the degree of Bachelor of Arts, receive also that of Bachelor of Science, upon passing a special examination in the regular Mathematical and Scientifical course, and the further examination above indicated.

THE LIBRARY, CABINET AND APPARATUS.

There are about six thousand volumes in the *Library* in Seabury Hall. Two Funds have been recently established for the increase of the Library, by the liberality of John P. Elton, Esq., of Waterbury, and Joseph E. Sheffield, Esq., of New Haven. There are two libraries belonging to the societies of under-graduates, containing an aggregate of about seven thousand volumes. The *Cabinet* is an extensive collection of minerals and geological specimens, to which has been added a large collection of shells. A valuable *Philosophical Apparatus* is distributed through the lecture rooms of the several Professors requiring its aid in their instructions. The Chemical Department has been thoroughly reorganized, the Laboratory remodelled, and the apparatus greatly enlarged by extensive purchases in Europe.

COMMENCEMENT.

The Thursday next before the Fourth of July is Commencement day. On the day preceding, the Corporation and House of Convocation assemble, and an address and poem are publicly pronounced before the latter. On this day all applications for admission *ad eundem* come before Convocation.

TERMS AND VACATIONS.

There are two terms in the year, styled the Christmas and Trinity Terms. Christmas Term begins nine weeks after Commencement, or about the first of September, and closes the twenty-third of December. Trinity Term

begins the twentieth of January and closes at Commencement. During term time all under graduates are required to be resident, unless under special dispensation from the President.

The Christmas vacation is four weeks from the twenty-third of December. The Trinity vacation is nine weeks from Commencement day. In addition to the Christmas vacation, leave of absence is allowed in term time to those students who desire to keep school.

EXAMINATIONS.

These are held at the end of each term, in presence of the Faculty, of Examiners appointed by the Fellows from their own number or otherwise, and of such other literary Gentlemen as may choose to attend. The Christmas Examinations are upon the Studies of the preceding term ; and the Trinity Examinations upon all the Studies of the year. Every under-graduate is required to be present and sustain his prescribed examinations at such times, unless a special examination is allowed for sufficient reasons.

TERM REPORTS.

An accurate daily account of the proficiencies of every student, and also of his delinquencies,—if any occur,—is kept ; an abstract of which is transmitted to his parent or guardian at the close of each term.

PUBLIC WORSHIP.

Prayers are attended every morning and evening in the College Chapel, when all the students are required

to be present. The Holy Communion is administered from time to time. The students are required to attend public worship on the Lord's Day, either in the Chapel, or at such places as their parents or guardians may desire.

EXPENSES.

For tuition, $25 per term, (or half-year) ; for room rent, $10 per term ; for the use of the Library, for sweeping rooms, ringing the bell, fuel for recitation rooms, and printing, $10 per term ; all payable in advance. Besides the above, there will be occasional assessments for damages or other common expenses.

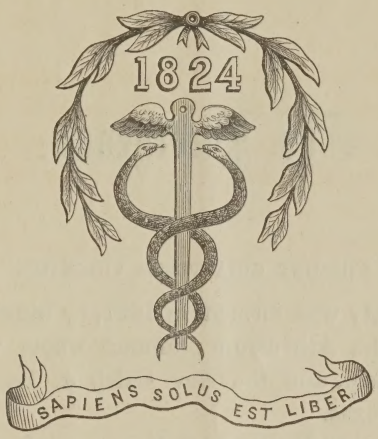
Students admitted to an advanced standing, unless from other Colleges, are required to pay $12 for each term of such advancement.

The students reside in the College, and provide for themselves bed and bedding, furniture for their rooms, fuel, candles, stationery and washing. Books and furniture may be sold, when the student has no further use for them, at a moderate reduction from the original cost.

No Commons are established, as it is preferred that the students should board in private families, in the neighbourhood of the College. Good board can now be procured for from $2.75 to $3.00 per week.

To students designing to enter the Ministry of the Church, and needing aid, the Church Scholarship Society appropriates $100 a year, which is nearly sufficient to meet the necessary expense of board. In addition to this, provision has been made by special endowments for remitting all College charges to six such students ; and for remitting their Tuition to all necessitous and deserving students, communicants in the Protestant Episcopal Church, who shall apply for it.

To prevent extravagant or improper expenditures, it is recommended that all funds designed for the use of students should be placed in the hands of the College Bursar, who superintends their expenses with a parental discretion. The present Bursar is John Brocklesby, M. A., Professor of Mathematics and Natural Philosophy.



Athenæum Collegii S. S. Trinitatis.

This Society dates back to the foundation of the College. The Constitution was framed by a Committee, consisting of Rt. Rev. Bishop Brownell, Professor G. W. Doane (now Bishop of New Jersey,) and others. At the weekly meetings, each member takes part in the exercises, consisting of Declamation, Composition, and Extemporaneous Debate. The library contains at present about 4000 volumes, and is rich in Classics, works on Theology, Law, Poetry, Belles Lettres and the standard literature of the day.

The officers for the present term are,—

President, H. K. Leaver. *Vice-President*, Wm. H. Mallory. *Censor*, W. G. Davies. *Councillor*, F. H. Fowler. *Secretary*, H. C. Graham. *Librarian*, L. B. Baldwin. *Treasurer*, W. H. Mallory. *Standing Committee*, W. B. Tibbits, W. S. Cogswell.

Catalogues containing the names of Graduate and Honorary members, together with a history of the Society and a classification of the books in the Library, may be obtained by addressing the Librarian.

The Parthenon.

"Possunt quia posse videntur."

This Society was formed in 1827, by nineteen members from the Athenæum; among whom were Park Benjamin, Esq., and the Rev. Caleb J. Ives, late Missionary to Texas.

In the Weekly Meetings all Members take part in the Exercises which consist of Orations, Declamations, Compositions, Forensic Discussions and Extemporaneous Debate. The Library upon whose shelves appear the gems of *Classic* Literature both Ancient and Modern, has now increased to upwards of three thousand volumes, and is also supplied with the leading Reviews and Periodicals of the day.

Public Exhibitions are occasionally held, which reflect credit upon the Society, and serve to stimulate the members to renewed exertions.

The officers for Christmas Term are,—

President, John Bakewell. *Vice President*, C. H. Stocking. *Critic*, E. E. Johnson. *Secretary*, A. Morse. *Treasurer*, Edward Goodridge. *Librarian*, Augustus Jackson. *Standing Committee*, S. B. Warren, T. C. Glazier, W. H. Birckhead.

The Parthenon has advanced steadily from its foundation, and now numbers among its graduates many prominent men in Church and State, thus *realizing* the motto of her "Alma Mater"—

"Pro Patria et Ecclesia."
